Dear Mr. Wightman,

I am happy to have the opportunity to apply for the position of COVID-19 Outreach and Partnership Coordinator. I have over 20 years of experience working with social service agencies in the Salt Lake Valley, crossing various socio-economic classes.

With an understanding of how illness can affect many facets in the lives of individuals and their families, I will bring experience and empathy to my role. I feel strongly that my communication skills and social work experience make me a good candidate for the position. As we all take on this public health crisis, I believe social workers have a unique ability and responsibility to assist people with the problems they face.

I am currently a part time MSW student at Boise State University where I maintain a 4.0 GPA. I plan to continue to work through my MSW program and anticipate that my education and skill set will be an asset to the important responsibilities of this job.

Thank you for considering me for the position, and I look forward to hearing from you in the future.

Sincerely,

Jennifer Stoltmann
