June 28, 2020

Paul Wightman  
Utah Public health Association  
Salt Lake City, Utah

Dear Mr. Wightman:

I am interested in the covid-19 Outreach & partnership coordinator position that appeared in the Utah non-profits organization website. Enclosed, is a copy of my resume for your review.

I offer over fifteen years of working in social service and behavioral health experience which includes the following positions: Job developing for immigrants, Community case management, and mentoring youth with mental health condition. I am fluent in Arabic, Lingala, Swahili, and some conversational Spanish.

Although my present position has provided diversity and challenge, I am ready for a change and would like to join an organization addressing public health issues which has a need for my capability to cost-effective handle this position you are seeking to fill.

I am anxious to learn more about the position. Should you require additional information, please contact me at the above address or by phone at (801) 580-2490. I look forward to your response.

Sincerely,

John Joseph
